

VE790 SERIES

APPLICATION

Zarlink provides, through its Legerity-branded portfolio, a world-class suite of development tools to facilitate the integration of voice into end-user applications and to significantly reduce design time.

The Software Development Kit (SDK) is a package of software tools with optional hardware tools that can be designed using Legerity's voice solutions.

Our VoicePath™ Application Programming Interface II (VP API-II) provides a standard software interface for controlling, supervising, and performing line testing using VE790 voice termination devices.
