

Ferrite Cable Core Products

28B0250-100 (Part number example in **BOLD**)

28	B	0250	-1	0	0
Material Type	Product Type Code	Part Size Code	Selected Dimension Code	Additional Part Description	Additional Part Description
28 = Broad Band Material HF = High Frequency Material LF = Low Frequency Material	A = Split round cores (Snap-Ons) B = Round Cylindrical Cores R = Ribbon Cable Cores S = Split Ribbon Cores	28 material is usually measured in inches for OD. HF & LF Material OD & ID is usually measured in mm.	Usually Length	0 = Standard Part "A" Product Type Code A = Plastic Case B = Plastic Case "S" Product Type Code 0 = No Clip M = Metal Clip P = Plastic Clip A = Hinged Plastic Case	0 = Standard Part "A" Product Type Code 0 = White Case 2 = Black Case

FERRITE MATERIAL COMPARISON

LF, 28, HF Material Impedance vs Frequency (300 KHz - 2 GHz)
