# Digital Discharge Tube Power Supply

## Model 1511

[Overview](#)[Docs & Software](#)[Where to Buy](#)

### Features:

- New digital LED meters, improving the resolution of the readings to 1%
- Four separate power supplies, all insulated from each other and grounded: high voltage, bias voltage, filament supply, and Helmholtz coil supply
- AC/DC, high voltage, and high current for versatility
- Voltmeter selectable between 80V and 500V supplies
- Electronic overload protection
- Banana jack connectors
